

welcome...

Alberta's craft beer industry is growing fast and interest in Alberta grown hops has increased too. This is an exciting time as hop production becomes an emerging industry in Alberta.

Founded in 2017, our mission is to develop a strong network of hop producers in the province and to serve as the voice of hops producers in Alberta. Our members play a vital role in developing Alberta's newest agribusiness and we want to help them identify and act on opportunities.
